PROFILE

Innovative and detail-oriented technical professional with experience in software development, system design, and data-driven solutions. Adept at problem-solving, adapting to emerging technologies, and delivering results in dynamic environments. Passionate about leveraging technology to drive efficiency and value.

WORK EXPERIENCE

June 2024 –
January 2026

Rivong Digitals, Chief Technical Officer (C.T.O)

- Lead technical strategy and oversee end-to-end development, backend engineering, and architecture deployment.
- Serve as **lead backend developer** designing scalable server infrastructures.
- Act as **DevOps engineer**, optimizing CI/CD pipelines for speed and reliability.
- Facilitate daily stand-ups and mentor developers to ensure productive collaboration.
- **Architected and deployed** a system capable of processing **1,000+ orders in two weeks**.
- Delivered infrastructure stability and operational efficiency enabling **2,000+ user sign-ups within two weeks** of launch.

Contact: Joshua Omojowolo, rivongdigitals@gmail.com ✉

January 2025 – Present

Importa, Technical Product Manager

- Led cross-functional teams to design, develop, and launch scalable tech solutions for product whole operations.
- Defined product roadmaps, gathered requirements, and translated business goals into actionable technical specifications.
- Coordinated engineering to ensure timely delivery of features while maintaining quality standards.

Contact: DivineGift Soetan, dg@importa.biz ✉

June 2024 –
September 2025
Lagos

Fixr Technologies, Mobile Developer

- Designed and implemented mobile architectures for performance and scalability.
- Built a technician service platform enabling task acceptance, progress tracking, and earnings withdrawal.
- Delivered cross-platform apps using React Native for iOS and Android.
- Increased task completion rates and user engagement through intuitive UI/UX improvements.

Contact: Ikechi Nwokocha, team@usefixr.com 

2022 – 2024
Lagos, Nigeria

HealthGo Technologies, App developer

- Developed and maintained the HealthGo mobile application for Android and iOS, enabling patients to easily book medical appointments, access records, and receive health reminders.
- Integrated secure payment gateways and encrypted patient data storage in compliance with HIPAA standards.

January 2021 –
January 2022
Ogun, Nigeria

Intellc Solutions, Front End Developer

- Designed and developed responsive, user-friendly interfaces using HTML5, CSS3, JavaScript, and React.js.
- Collaborated with backend developers to integrate APIs and ensure seamless data flow.
- Optimized web applications for maximum speed, scalability, and cross-browser compatibility.

June 2019 –
January 2020
Ekiti, Nigeria

F.T.H, FrontEnd Intern

- Assisted in troubleshooting hardware and software issues for over 50 staff systems.
- Supported the setup and configuration of new workstations, printers, and network devices.
- Documented IT processes and provided user training for common technical tasks.
